

PAULINE KUNTZ (MRS. DEAN KUNTZ)
Route 4 Winterset, Iowa
Phone 1270-R2

Include \$1.00 postage & handling charges on ALL ROOTED CUTTING AND COMBINATION ORDERS. Include 75¢ on fresh cut leaf orders under ten dollars. Over that, I pay postage--on fresh cut leaf orders only. If these charges do not pay postage, please remit if more than 10¢ due. All orders are insured and sent by Special Handling. If you wish Special Delivery, add 55¢. A minimum of \$3.00 is required for Air Mail. Any extra will be refunded.

Rooted clumps are grown in individual pots and are most carefully wrapped and packed to avoid the slightest damage. They are cushioned in shredded paper for added protection. If you have any damage from rough handling CONTACT YOUR POSTOFFICE AT ONCE, then write to me.

Will you please state your wishes in case I am sold out of one or more varieties? I can either sub a fresh cut leaf of same variety, and refund rest of price, send two cut leaves if of equal value, or sub any you wish to name. If no instructions are given, I will sub with a variety of equal or better value. Checks will be cashed within 30 days, due to banking laws. If you wish acknowledgment of your order, please include self-addressed card. Also include card or stamped envelope if you wish any correspondence answered. Customers are invited to come here, but during April and May when I am very busy shipping, an appointment is necessary on all days except Friday and Sunday. And it is appreciated on those days. Follow highway #92 west of Winterset for six miles, then turn north on good crushed rock road and go just 2½ miles. All stock is State Inspected, and guaranteed to be free of disease. This is my only price list, and while not designated as wholesale, it does match many wholesale lists in prices. Shipping will begin in April, as soon as weather permits. Minimum order, \$3.00.

IOWA CUSTOMERS PLEASE ADD 2 % SALES TAX

Here are just a few appreciative letters from customers of Fall 1961----

I received my order yesterday in perfect condition. Such beautiful leaves and perfect packing. Mrs. Robert A. Ross, San Leandro, California

My box came yesterday and I want you to know they were the most beautiful cuttings, and all just perfect. Mrs. Gertrude Justice, Reno, Nevada

Your violets have done so well for me--you seem to get healthier and better blooming plants. Mrs. Max Cherry, Carthage, Missouri

Shipment came thru as crisp and lovely as when they left you. They are fabulous as usual. You certainly know how to pack them. Gertrude Hill, Phoenix, Ariz.

My cuttings came in such fine fresh shape that I thought you should know. And also so quick after ordering them. Mrs. W.W. Krueger, Albert Lea, Minnesota

 Independence(L)--lovely bright green heavy Holly leaf with simply glowing
 brilliant flat, well shaped red bloom***

Forecast Colder

There's a thin wild song on the telephone wire

Chimney smoke rises like a tall church spire

And the gray cat sits with her tail to the fire

-

POSTSCRIPT---

I am getting this list out as early as possible so you can dream during the long winter months. But dont just dream! If you plan to order, please do so early so that you can be assured of getting just the varieties you order. Also I can take more time in booking your orders. I record each order in four different books and it all takes time. And believe me, when Spring rolls around time is a very precious thing to me. I do all the shipping and packing myself, and my business has grown so fast, that I hardly know what to do with it. I find myself in the predicament of not knowing whether to hire help, quit, or take on only a number of limited orders. I love all your letters, but cannot answer each one.
